Please read through the questions and answers below. If a specific question is not answered here, please feel free to contact us and we can assist you further. 504.838.5109 – www.lsbefd.state.la.us – 888.508.9083

What is the purpose of the LSBEFD's General Counsel?

The purpose of the Board's General Counsel is to advise and represent the Board members and the staff, within their capacity for the operations of the Board and the State of Louisiana. The Board's General Counsel represents the Board as a regulatory agency, a branch of Louisiana Government. The General Counsel is available to assist licensees with specific questions as it relates to the regulations under which the board is empowered to operate, but cannot advise licensees regarding issues that may arise from the licensee's business or personal actions. The General Counsel will refer a licensee to seek legal advice from an attorney who can represent them should there be the possibility of litigation. The General Counsel cannot review forms or advertisements to be used by a licensee or a licensed funeral establishment. Forms and advertisements should be handled through the licensee's legal advisor.

Can someone request to be present at a board meeting to address the members?

Yes. Individuals or groups are encouraged to address the Board Members. A simple request, in writing, is all that is required to be placed upon the meeting agenda. There are also "public comment" cards available which can be completed on the day of the meeting in order for someone to be recognized to speak. The board meetings are "open" meetings and anyone is free to attend.

The licensee or the establishment will be

allowed some time to respond to the allegations. The entire contents of the complaint will then be forwarded to the Complaint Review Committee for review and determination. Once a decision has been made, a written notification will be forwarded to the complainant, the licensee and the establishment.

Can I call the office to file a complaint?

No. The complaint MUST be submitted in writing with a notarized signature.

Can I call the office to discuss a complaint that I wish to file?

Yes, but the funeral directing certificate MUST be acquired from an ABFSE accredited mortuary school/program and the hours for the funeral directing certificate MUST total the minimum of 30 semester hours. If the ABFSE accredited mortuary school/program hours are calculated by quarter hours, then the quarter hours will need to be converted to semester hours for determination. How long does it take to receive my wall license certificate?

The wall certificate will be sent to a calligrapher then signed by the attending Board members at the next scheduled meeting. Once it has been signed by the Board members, the certificate is placed in a mailing tube with certified return receipt postage, which can be tracked, and hand delivered to the DHH Medical Board's office for the signature of the Medical Director. The mailing tube is then mailed from the Medical Director's office. The time frame for receipt of the certificate is estimated at about 6-8 weeks from the time the certificate is signed by the Board members. A few causes for delay would be due to; the President or the Secretary of the Board being absent from the Board meeting (which are required signatures), the cancellation of a Board meeting, the certificates are not transported to out of town meetings for signatures, and possibly for reasons unknown that relate to the DHH Medical Board's office. License applications that are received within 2 weeks of a meeting will not have enough time to be sent to the calligrapher and those will be signed at the next scheduled meeting.

Not at this time. An affidavit attesting to your inability to locate the original wall certificate and that same has been lost, stolen or damaged with the required fee for replacement is required for a duplicate wall certificate. **Title 46, Part XXXVII, Chapter 7, 703 (A).**
